

Where Vision meets Velocity™

# SO MANY INITIATIVES!

The difference between getting things done and getting the right things done can open up a whole, new world.

**SO MANY INITIATIVES!** gets rid of excuses and unlocks productivity in every area of business. Participants experience a new level of energy and engagement in work and working with each other. In this program, participants discover:

- New ways to communicate (rather than complain) about time
- Practices for upping productivity and honoring well-being
- How to befriend technology so it doesn't run your life
- Meeting practices that keep the focus on strategic action

*I'm less prone to regress into the octopus mentality, swatting issues as they arise without doing the prioritizing first.*
