

BEING ENGAGED AND CONNECTED AT WORK

JUMP START YOUR TEAM

Teams that love to work together are remarkably nimble. They look for ways to empower each other, are curious about each other's ideas, and produce bigger results based on their trust and affinity.

THIS PROGRAM uses innovative exercises with photography, reading and writing to:

- Empower creativity.
- Strengthen people's relationships with their colleagues.
- Have people discover new possibilities for collaboration.

We've got this gift of love, but love is like a precious plant. You can't just accept it and leave it in the cupboard or just think it's going to get on by itself. You've got to keep watering it. You've got to really look after it and nurture it.

~ JOHN LENNON

In this program you will:

- Gain appreciation for the people on your team.
- Expand your capacity to listen and observe.
- Enhance your ability to think strategically.
- Experience a practice for removing roadblocks and reducing stress.

After this program, you will have a new experience of your relationships and team, seeing the world with fresh eyes. You will take away practices you can use again and again to maintain and deepen everything you learn during the program.
