

WRITING TO CONNECT

A TEAM-BUILDING EXPERIENCE

Teams that love to work together are remarkably nimble. They look for ways to empower each other, are curious about each other's ideas, and produce bigger results based on their trust and affinity.

WRITING TO CONNECT uses photography, literary selections, writing exercises, and generous listening to:

- generate a spirit of collaboration and discovery on teams.
- align team members around shared experiences and common commitments.
- build teams that are resilient in the face of stress and challenges.

***Writing for yourself is very powerful.
Sharing what you've written with others
leads to breakthroughs that enrich your
relationships.***

***PAM KELLY, Vice President of Tax
Martin Marietta***

In the **WRITING TO CONNECT** workshop you will:

- Gain appreciation for your team and the people on it.
- Develop your ability to listen to each other.
- Experience a practice for removing roadblocks and reducing stress.
- Use the skill of observation to enhance your strategic thinking

After this program, you'll have a new experience of your relationships and team. Relationships are the foundation for extraordinary accomplishment.
